## T R I A L S

You will receive one trial date free of charge within your package - any extra trials can be booked in with an addition cost.

All trials take place in our salon and are encouraged to be booked in 3-4 months prior to your wedding date to ensure availability. We ask you to come prepared with photographs, any accessories and your veil.

The trials last around 1 hour for hair and 1 hour for makeup. After the appointment is finished, before you leave we make sure your made fully aware of the format and timings for the day along with answering any questions you may have.

Please note, while we would love to host your whole bridal party when your trial is taking place, our salon is only small and space is very limited. If you do require bringing anyone along with you please keep this to 1 person.

Whilst specialising in wedding hair and makeup, we also cover all aspects of hairdressing including cutting, colouring and extensions! Your hair appointments on the lead up to your wedding are so important to achieving your chosen style so please speak with us to discuss further and book in your pre wedding appointments in advance.

Please ensure your whole bride tribe wash and dry their hair the day before the wedding. Try not to use any strong products including dry shampoo or hairspray.

Please also make sure you are based in only one place/room in the morning. We will need two people ready for the hot seat at all times!

Whilst we do bring stools, lighting and all the necessities, it is convenient to have a section in the room dedicated for us to work in with good lighting.

Bridal parties requesting more than 6 services may require an extra team member. This starts from £100 per team member.

Fuel costs may vary depending on venue.
